Permit History

FACILITY PERMIT NO: 26-09-T	ISSUANCE DATE
Original Permit to Operate	November 8, 2002
Permit to Operate	May 31, 2007

ATTACHMENT 2
List of Approved Documents

1. *Waste Industries, Solid Waste Transfer Station, City of Fayetteville, Operation Plan.* Prepared by: Waste Industries, Inc., Raleigh, NC. May 29, 2007.
2. *Waste Industries, Solid Waste Transfer Station, City of Fayetteville, Request for Permit Renewal Letter.* Prepared by: Waste Industries, Inc., Raleigh, NC. February 26, 2007.

ATTACHMENT 3 Conditions Of The Permit

General Facility:

1. This facility is permitted to receive solid waste as defined in G.S. 130A-290(35), except that hazardous and liquid wastes are prohibited from acceptance at this facility.
2. This facility may receive solid waste that is generated within Cumberland, Harnett, Hoke and Robeson Counties, North Carolina and shall transport that waste to the Sampson County Disposal, LLC (SCD), a wholly owned subsidiary of Waste Industries, Inc, of Raleigh, NC, Permit No. 82-02, located in Sampson County, North Carolina.
3. This permit shall be subject to review in accordance with 15A NCAC 13B .0201(e) on or before May 31, 2012. On or before March 1, 2012, the owner shall submit a request for review and shall update pertinent facility plans including the facility operation and waste screening plans.
4. If the performance and compliance history of this facility is determined to have been satisfactory by a review by the Division, and no permit revisions are required, a representative of the Section shall inspect the facility and issue an approval to continue operation for five (5) additional years under the terms and conditions of this permit. The Section representative shall notify the Permitting Branch Supervisor in writing, either by letter or e-mail, that the conditions have been met. The owner and operator shall be copied on the correspondence. The notification shall suffice as permission to operate as of the date of the notification.
5. The owner or operator of a municipal solid waste management facility shall not knowingly dispose of, or accept for transfer for subsequent disposal, any type or form of municipal solid waste that is generated within the boundaries of a unit of local government that by ordinance:
 - a. Prohibits generators or collectors of municipal solid waste from disposing of that type or form of municipal solid waste.
 - b. Requires generators or collectors of municipal solid waste to recycle that type or form municipal solid waste.
6. All sedimentation and erosion control activities shall be conducted in accordance with the Sedimentation and Pollution Control Act, 15A NCAC 4, and all applicable permits shall be secured prior to construction.
7. This permit is not transferable.

Transfer Facility Operation:

8. Operation of the facility shall occur in accordance with 15A NCAC 13B .0402, "Operational Requirements for Transfer Facilities", and the approved operations plan, Attachment 2, Document 1. Any revisions or modifications to these plans shall be approved by the NC Solid Waste Section.
9. Floor drains, leachate collection devices, sanitary sewer connections or leachate storage tanks for the collection and disposal of wash down water and leachate shall be operational. The tipping floor shall have positive drainage away from the building entrance and toward the sump in the loading pit or a trench drain shall be installed along the entrance to the tipping floor and connected to the leachate collection system.
10. This facility shall be operated in a manner which is consistent with the State solid waste management plan and with the solid waste management plans that have been adopted by those units of local government served by the facility and approved by the Section.
11. Waste shall not be stored on the "tipping floor" after operating hours. Waste can be stored in transfer trailers, at the facility with covers in place, after operating hours, but no longer than 48 hours.
12. The "tipping floor" and "transfer trailer loading area" shall be maintained in a clean, sanitary condition after operating hours and shall be cleaned at least daily in accordance with the approved Operational Plan
13. On or before 1 August of each year, the owner or operator shall report to the NC Solid Waste Section, for the previous year beginning 1 July and ending 30 June, the amount by weight of the solid waste that was received at the facility and disposed of in a landfill, incinerated, or converted to fuel. The report(s) shall indicate by weight and the COUNTY of origin of all solid waste. The owner or operator shall transmit a copy of the report to the county in which the facility is located and to each county in which waste originated.
