

November 18, 2010

Dear Mr. Geoff Little
Environmental Engineer
Division of Waste Management
Permitting Section
401 Oberlin Road
Raleigh, NC 27605

In accordance with the Solid Waste Permit No 26-09T – Transfer-2009, EEI is presenting this certification for the Site Work, building and the utility infrastructure.

Based upon the results of our testing and observations, and a letter from the Structural Engineer dated October 25, 2010, Eagle Engineering, Inc. certifies the Transfer Station and associated infrastructure constructed to date, has been constructed in general accordance with the Approved Plans, approved revisions and the Approved Solid Waste permit.

As of today's date, the scale house, new scale and final site work are still being completed. Upon full completion of the project, EEI will submit a full record set of drawings for review in accordance with Attachment 2, Paragraph 4C.

If you have any questions, or require further information, please contact us.

Sincerely,

Eagle Engineering, Inc.

John D. Barnard, P.E.
Principal
