Re: Transmittal of Ground-Water Monitoring Plan
Winston-Salem Construction and Demolition Debris Landfill
HDR Project # 00162-082-018

Dear Jim:

A few weeks ago, we talked about various documents that you could not find in your files for the Winston-Salem C&D landfill. In response to that conversation, I am sending you two copies of the final ground-water monitoring plan. This plan contains the well completion records, well abandonment records, potentiometric map, and other items that we discussed. Hopefully, this will answer your needs. If you have any questions or need further information, please give me a call.

Sincerely,

Curtis M. Welty, P.G.
Senior Geologist
