RE: ABBEY GREEN; 3050 OVERDALE DRIVE  
Permit #34-24

Dear Mr. Frost:

In regards to the above referenced site, the facility and related infrastructure was constructed in accordance with the approved plan. At the time of this letter the asphalt approach roads to and from the scales were prepared with the specified sub-base. This is sufficient structurally to accommodate heavy truck traffic until warmer weather will allow this asphalt to be installed, as tested by Kleinfelder Southeast, Inc. on July 1, 2010.

Best Regards,

John E. Beeson, PE, PLS
