Re: Permit to Construct and Operate
Organic Recycling Center C&D Transfer Station and Recycling Operation Facility
Franklinton, Franklin County, North Carolina
Permit No. 35-05T-Transfer-2010, Doc ID 8849

Dear Mr. Barker:

Please find enclosed the Permit to Construct and Operate for the Organic Recycling Center C&D Transfer Station, which approves the initial construction and operation of the facility.

In general, the new facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans, such as site specific operations.

If you have any questions regarding the permit or conditions, please contact me at (919) 508-8506 or by email at Christine.Ritter@ncdenr.gov. The Waste Management Specialist for the facility is Mary Whaley. She can be reached at (919) 693-5023.

Sincerely,

Christine Ritter
