EPA ID NUMBER NCD986204519

REPORT:

Alemite Corp was previously located at 112 River Road in Boonville. The facility had notified as a conditionally exempt small quantity generator.

I visited the facility on January 4, 2016 to make an inspection. Alemite Corp had closed and the building was being renovated for use as a terminal for Southland Trucking.

A building contractor on site allowed me to enter the building. I did not observe any containers in the building, behind the building or around the premises. Mr. Stanley said that all waste had been removed. He plans to make a subsequent notification using form 8700.

Another contact for the facility is Jason Smith with Snow Creek Management in Boonville at 336-367-4116.

CONCLUSIONS:

Alemite Corp is closed and the building is under renovation. No waste is on site. A subsequent notification will be made to list the new operator.

For questions about this activity report contact Ernest Lawrence at 336-352-5742.
