Mr. Vernon Smith  
WCA Regional Vice President  
40 Estes Plant Rd  
Piedmont, SC 29673

Re: Permit to Operate: Phase I Cells 4 and 5  
WCA of High Point, LLC  
Guilford County, North Carolina  
Permit No. 41-16  
Doc ID No. RCO3289

Dear Mr. Smith:

The Solid Waste Section has determined the pre-operative conditions have been met for Solid Waste Permit No. 41-16, Part 1: Permit to Construct for Phase I Cells 4 and 5 and associated facility infrastructure. Solid Waste Permit No. 41-16, Part 2: Permit to Operate for Phase I Cells 4 and 5 for the above referenced Construction and Demolition (C&D) landfill is enclosed. This permit issuance also acknowledges and approves the ownership of MRR of High Point, LLC, by WCA Waste Corporation.

In general, the new facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions that are included within the approved plans, such as site specific operations or groundwater monitoring plans.

Please be aware that for cells that continue to receive waste after June 30, 2008, a closure and post-closure plan and financial responsibility must be submitted by July 1, 2008, in accordance with 15A NCAC 13B .0547.

Please review the conditions of the permit thoroughly. Mr. Hugh Jernigan is the Solid Waste Section's Environmental Senior Specialist for your area and can be reached at (336) 771-5093. If you have questions about your permit, please contact me at (919) 508-8498.

Sincerely,

Geoffrey H. Little  
Environmental Engineer  
Solid Waste Section
