Re: Permit to Construct and Operate, Burnt Poplar C&D Transfer Station, Guilford County,
North Carolina, Permit No. 41-22T-Transfer-2009, Doc ID 6855

Dear Mr. Smith:

Please find enclosed the Permit to Construct and Operate for the Burnt Poplar C&D Transfer Station, Permit No. 41-22T-Transfer-2009, which approves the initial construction and operation of the facility.

In general, the new facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans, such as site specific operations.

If you have any questions regarding the permit or conditions, please contact me at (919) 508-8510 or by email at Donna.Wilson@ncmail.net. The Waste Management Specialist for the facility is Hugh Jernigan. He can be reached at (336) 771-5093.

Sincerely,

Donna J. Wilson
Environmental Engineer
Solid Waste Section
