**RE: New Rules for Existing C&D Landfill Units On Top of Closed MSWLFs  
Dunn-Erwin Landfill  
Permit 43-02  
Harnett County, North Carolina**

Dear Mr. Crissman:

On behalf of Harnett County, C. T. Clayton, Sr., P.E., Inc. (CTC) has prepared this letter to address the new construction and demolition landfill rules 15A NCAC 13B .0547(4) regarding the requirements for existing C&DLF units on top of closed MSWLFs.

Currently, the Dunn-Erwin Landfill has a permit that runs through July 1, 2008. Although we do not anticipate having the airspace to continue filling C&D waste on top of the closed MSWLF beyond this date, we request that this option be left open for further review closer to the end of 2007. An application for a new C&DLF unit will be near completion at that time. Currently, Harnett County is finalizing their draft ACM for this site and should be implementing the CAP by the end of 2007.

Should you have any questions or comments, please contact me at the telephone numbers below or by e-mail at [tyrus@ctclayton.com](mailto:tyrus@ctclayton.com).

Sincerely,

C. Tyrus Clayton, Jr., P.E.
