Re: Site Study
Proposed Harnett County Municipal Solid Waste Landfill

Ms. Young:

North Carolina General Statute §130A-294(b1)(2) [copy enclosed] requires the Division of Solid Waste Management (Division) to notify the clerk of the board of commissioners that an application has been filed with the Division, and to file a copy of the application with the clerk. The Division hereby forwards to you one copy of the following:

- Subtitle D Landfill Site Application Report for Proposed Expansion of the Dunn/Erwin Landfill, Harnett County, North Carolina.

The statute requires that the applicable unit of local government(s) hold a public hearing, when sufficient interest exists, regarding the proposed landfill siting.

If you have any questions, please contact the Division at (919) 733-0692.

Thank you,

William D. Sessoms, PE

Re: Site Study - Proposed Harnett County Municipal Solid Waste Landfill

Mr. Blanchard:

The Division of Solid Waste Management, Solid Waste Section (Section) has received a Site Study for the above referenced facility. North Carolina General Statute, §130A-294 (b1)(4) [copy enclosed], requires the applicant, Harnett County, to request that each local government having jurisdiction over any part of the land on which the referenced landfill is proposed (including Harnett County), issue a determination as to whether the local government has in effect a zoning, subdivision, or land-use planning ordinance applicable to the landfill and whether the proposed landfill would be consistent with said applicable ordinances. Requests to applicable local governments must be accompanied by a copy of the permit application and must be personally delivered, or delivered by certified mail, to the clerk of the local government. Please forward copies of requests that you make to applicable local governments, in compliance with this statute, to the Section.

The general statute also requires that determinations by applicable local governments must be submitted to the Section, and a copy of the determination must be submitted to the applicant (Harnett County). Determinations shall be verified or supported by an affidavit signed by the chief administrative officer or his official designee, clerk, or other official designated by the local government to make the determination. If the local government determines that the proposed landfill is not consistent with a zoning, subdivision, or land-use ordinance, a copy of the ordinance and the reasons for the determination must be submitted to the Section.

The Section may not act upon an application for a permit until it has received a determination from each local government requested by the applicant to make a determination. If the local government fails to submit a determination to the Section within 15 days after receipt of the request, the Section may proceed to consider the permit application without regard to a local zoning, subdivision, and land-use planning ordinance.

Thank you for your cooperation in this matter. If you have any questions, please contact me at (919) 733-0692 (email: sessomswd@wastenot.ehnr.state.nc.us).

Thank you,
