SUBJECT: Permit Modification, Scrap Tire Collection and Processing Site Permit No. 43-08, Central Carolina Tire Disposal, Harnett County, NC (co-located with Central Carolina Tire Monofill).

Dear Jim:

This letter and the attached drawing are submitted as request for Modification to Scrap Tire Collection and Processing Site Permit No. 43-08.

In augmenting the existing fixed Shredding Systems Model 2400 shredder and the mobile Shredding Systems Model 3400 shredder (aggregate capacity of 2,400 tires per hour), the following are added: one each 50 hp Barclay shredder (capacity of 1,600 tires per hour into 6" chips) and one Columbus-McKinnon shredder (capacity of 1,000 tires per hour into 2" chips) with five associated belt conveyors, and a control tower located on a concrete slab South of the existing Maintenance Shop Building. 2" chips are primarily for recycled use in sanitary drainfield construction.

In augmenting the existing shop fabricated tire splitter used to split off-road and heavy equipment tires, one each Aljohn Truck Tire splitter is added.

The Collection and Processing Site is expanded to the South to accommodate the additional shredders and 2" chip storage. Previously permitted whole tire storage in this area is displaced to the South. The modified site encompasses 25.6 acres as shown on the attached plan sheet.

30 times daily throughput processing capacity far exceeds 60,000 off-loaded whole tire storage limit. Financial assurance in the amount of \$150,000.00 remains and constrains on-site exposed storage of off-loaded whole tires to 23,076 tires or 230 tons (assuming approximately 100 tires/ton).

Sincerely,

A handwritten signature in black ink, appearing to read "Richard R. Rust". The signature is stylized with a large, sweeping initial "R" and a checkmark-like flourish at the end.

RE: Central Carolina Tire Disposal - Scrap Tire Collection Site Permit. Permit Number 43-08 (Harnett County)
Amendment #5: Addition of Chipping Equipment and tire chip storage.

Dear Mr. Womble:

Enclosed please find a revised Solid Waste Permit and Conditions of the Solid Waste Permit for the scrap tire collection and processing and recycling facility.

This revised permit is the result of a request to add tire chipping equipment, to make tire chips for septic tank systems and market tire chips to be used at MSW landfills for drainage media, and to locate areas for the storage of the tire chips produced. The tire storage limit for this facility remains at 23,076 tires (based on a Letter of Credit in the amount of \$150,000) and shall store said tires in accordance with the permit renewal application dated 11 January 2000 (approved 17 February 2000), the revised site plan dated 26 March 2001 (approved 21 August 2001 and permit condition 6(g)).

If you have any questions or need further clarification, please contact the undersigned at (910) 486-1191 or (919) 733-0692 Ext:344 or Robert Hearn at (919) 571-4700.

Sincerely,

Jim Barber

SOLID WASTE PERMIT
CENTRAL CAROLINA TIRE DISPOSAL
SCRAP TIRE COLLECTION SITE

CONDITIONS OF PERMIT

1. This permit is re-issued for a period not to exceed three (3) years from the date of issuance and/or amendment and will expire on 17 February 2003, subject to condition number 2. This permit is for the operation of the scrap tire collection site set forth in the original and renewal applications. Additional conditions or revisions to the approved plans or operations must be approved by the Solid Waste Section.

Amendments or revisions to the Solid Waste Management Rules or violation of surface water, groundwater, or land quality standards may necessitate modification of construction, operation, or closure of this facility prior to the expiration date of this permit.

2. This tire collection site is permitted to store, prior to processing, not more than twenty-three thousand and seventy six (23,076) tires. Proof of closure, clean up, and liability financial assurance, including pollution coverage, must also be submitted at that time for the potential amount of storage equal to the monthly processing amount. See Letter of Credit issued by Comerica Bank, LETTER OF CREDIT NO. 5610290-03, dated 15 August 2000, automatically renewable on an annual basis.
Subsequent adjustments to the storage amount and financial assurance amounts require approval of the Solid Waste Section.
3. A minimum of seventy-five percent (75%) of tire derived products must be disposed in Central Carolina Tire Disposal's tire monofill or shipped off-site on an annual basis. Adjustments to this percentage to allow additional amounts of storage or adjustments to allow additional length of storage time must be approved by the Solid Waste Section.
4. Closure and clean up financial assurance must remain in force during the operation of this site and is subject to Condition Number 2. Central Carolina Tire Disposal must submit to the Division for approval, any subsequent changes in the instrument or provider of financial assurance at least one-hundred-twenty (120) days prior to said change. **This permit is immediately revoked if any lapse of closure and clean up financial assurance occurs.**

5. Liability financial assurance must remain in force during the operation of this site and is subject to Condition Number 2. Central Carolina Tire Disposal must submit to the Division for approval, any subsequent changes in the instrument or provider of liability financial assurance, at least one-hundred-twenty (120) days prior to said change. **This permit is immediately revoked if any lapse of liability financial assurance occurs.**

6. This facility shall conform to the operating procedures set forth under section 0.1107 of the Solid Waste Management Rules and the following specific conditions:
 - a. Within one (1) month after termination of operations at the site or a major portion thereof or upon revocation of this permit, all scrap tire and scrap tire derived products shall be removed to a permitted solid waste management facility approved to receive this type of waste.
 - b. The Division may require further action to be taken in order to correct any condition which is or may become injurious to the public health or environment.
 - c. Adequate fire protection measures shall be in place and fire prevention procedures shall be practiced at all times. Equipment shall be provided to control accidental fires or arrangements shall be made with the local fire protection agency to immediately provide fire-fighting services when needed.
 - d. Adequate control measures and practices shall be employed to prevent any pollutants from contaminating surface water, groundwater, and soil.
 - e. A copy of the Emergency Preparedness Manual must be kept readily available to employees on the site at all times.
 - f. The site shall be adequately secured to prevent unauthorized entry. An attendant shall be on duty at the site at all times while it is open for public use to assure compliance with operation requirements.
 - g. Tires and tire chips shall be stored as shown in the revised site plan application dated 26 March 2001. Plans dated 30 October 1994 address work/storage area, those tire storage areas North, South and East of the work/storage area, and in accordance with the original permit application. Any proposed changes in storage or procedures shall require approval by the Solid Waste Section. Outdoor tire storage shall comply with 15 NCAC 13B .1107 (2).
 - h. The Irrevocable Standby Letter Of Credit, No. 561029-03, issued on 15 August 2000 by Comerica Bank shall be renewed by B.T. Sanitation Service, Inc. dba Central Carolina Tire Disposal and submitted to the Division of Solid Waste by 15 August 2001 and each year thereafter.

7. A report shall be submitted annually on March 1 to the Division and to Harnett County containing the information required under 15A NCAC 13B. 1110 (d).
8. A sign with the name of the facility and permit number must be erected and maintained at the entrance of the facility.
9. In accordance with 15 NCAC 13B 0.1102 (b), Scrap Tire Collection or Disposal Sites shall pay an annual permit renewal fee, by July 1, of each year, as specified:
 - (1) A scrap tire collection site: two hundred and fifty dollars (\$250.00); and
 - (2) A scrap tire disposal site: two hundred and fifty dollars (\$250.00).

ATTACHMENTS

1. Amendment #1: Addresses that changes in storage areas at the tire processing facility in accordance with the application and plans dated 30 October 1994.
2. Amendment #2: Addresses the increase of financial assurance from \$75,000 to \$150,000 based on the revised IRREVOCABLE STANDBY LETTER OF CREDIT NO. 3880, received 17 February 1995 and faxed to the F.R.O on 01 March 1995.
3. Amendment #3: Permit renewal application dated 11 January 2000 and received 14 February 2000 for renewal of site storage and processing permit. Amendment #3 for this site is for the future tire chip storage area located to the south of the processing area. The tire chips to be stored will be marketed as septic drain field aggregate. Also included with the renewal application is Letter of Credit Number 2000-10 from Century Bank dated 26 January 2000.
4. Amendment #4: New letter of credit issued by Comerica Bank, LETTER OF CREDIT NO. 561029-03, that replaces the letter of credit issued by Century Bank dated 26 January 2000.
5. Amendment #5: Revised site plan addressing the location of new tire chippers, for making tire chip for market as drainage media for septic systems and landfills, and the location of tire storage areas along with tire chip storage areas.

CERTIFIED MAIL
RETURN RECEIPT REQUESTED

Mr. Thomas Womble
Central Carolina Tire Disposal
Route 2, Box 59B
Cameron, NC 28326

SUBJECT: Annual Permit Fee for Scrap Tire Collection and/or Disposal Sites.
Permit 43-04 and 43-08TP
Harnett County

Dear Mr. Womble:

This is intended to serve as a reminder and warning to all permitted tire collection and/or disposal sites that the annual permit fee is due on or before July 1 of each year. As stated in the North Carolina Solid Waste Management Rules, 15A NCAC 13B .1102(b), "An annual permit fee shall be paid to the Division on or before July 1, as follows:

- (1) A scrap tire collection site: two hundred and fifty dollars (\$250.00); and
- (2) A scrap tire disposal site: two hundred and fifty dollars (\$250.00)."

It has come to my attention that Central Carolina Tire has not paid the permit fee for the following years: 1998, 1999, and 2000. The amount of \$2,000.00 should be paid to the Division to bring your facility into compliance.

Please send the appropriate payment, made payable to the North Carolina Division of Waste Management, to my attention at 1646 Mail Service Center, Raleigh, NC 27699-1646. Any questions regarding your solid waste permit should be directed to Jim Barber, the Eastern Area Engineer located at the Fayetteville Regional Office, (910) 486-1541 ext. 754.

Sincerely,

Courtney E. Washburn
