Re: Issuance of Permit to Construct and Operate
Weeks Sand Pit No. 2 LCID Landfill
Harnett County, North Carolina
Permit No. 43
Doc ID No. 10111

Dear Mr. Lees:

Enclosed is the combined Permit to Construct and Operate the above referenced facility. Please carefully review the permit and let me know of any questions or concerns.

Also, please take note that 2 conditions must be met before disposal operations may commence at the site: Condition 3 (Attachment I Part IV, page 3 of 9) requires the permit be recorded with the Harnett County Register of Deeds under the name of the landowner with a certified copy forwarded to the Division; and Condition 3.c. (Attachment 2, page 5 of 9) requires you arrange a site inspection and pre-operative meeting with Drew Hammond, Environmental Senior Specialist [910.433.3351].

Thank you for your efforts and cooperation in this matter. If you have questions about the permit conditions or questions arise during construction, please contact either me at 919.508.8498 or Drew Hammond, Environmental Senior Specialist for the facility, at telephone number referenced above.

Sincerely,

Geoffrey H. Little
Environmental Engineer
