Subject: Notification of Rock Blasting at Haywood County White Oak Landfill

I am unable to attend the blasting event. The Solid Waste Section understands that the actual date of blasting may change from date mentioned in the previous email. The blasting report described in the SWS's specification, "Rock Blasting at Lined Landfill Units", can be submitted within 30 days of when rock removal is completed after the last day of blasting.

Subject: Rock Blasting at Haywood County White Oak Landfill

Allen and Zinith,

The contractor for the Phase 3 Cell Construction at the Haywood County White Oak Landfill has informed this office this morning (10/06/09) of their intent to perform the actual blasting of the encountered rock along the upper western side of Phase 3 on **Thursday, October 8, 2009**, beginning sometime right after lunch. This e-mail will serve as official notification should you or a representative of the State wish to observe the actual blasting operation. Should any of the plans change, I will notify you accordingly. If you have any questions, please give me a call.

Thanks and have a great day, Bill S.

Hey Bill,

I can't speak for other SWS staff, but I will not be attending on Thursday.

Best regards,
Allen
