Dear Mr. Phthisic:

Enclosed is the above referenced Solid Waste Permit that approves construction of Cell 3 of Phase 4A as referenced in the approved documents and plans.

Please carefully review the permit conditions and note the requirements that will need to be satisfied prior to operation of Cell 3 of Phase 4A as listed in Attachment 2 of the permit. Also please note that the Permit to Operate for Phase 4A Cells 1 and 2, and C&D Area 2 is still in effect for current landfill operations.

If you have any questions regarding the permit or conditions, please contact me at (919) 508-8510 or by email at Donna.Wilson@ncmail.net. The Waste Management Specialist for the facility is Mary Whaley. She can be reached at (919) 693-5023.
