RE: Permit Renewal for Lee County C&DLF
Permit #53-01

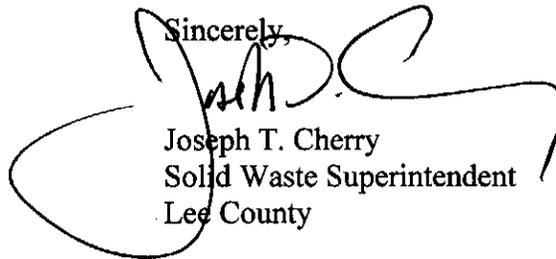

Dear Mr. Hearn:

Lee County is aware that its permit to allow the continued operation of a Construction & Demolition Landfill (C&DLF) is scheduled to be reviewed on or before March 15, 2007. Lee County intends to seek a five year renewal of said permit according to the rules and regulations codified as 15A NCAC 13 B .0531-.0547.

Lee County has begun the permit renewal application process and is taking action to address all applicable requirements. Actions currently underway include, but are not necessarily limited to the review and update of the original facility and construction plan by a licensed engineer and the update of our operation plan.

Thank you for your assistance in this matter. If you have any comments or questions, please do not hesitate to contact me at (919) 718-4622 ext. 5381.

Sincerely,

Joseph T. Cherry
Solid Waste Superintendent
Lee County
