CONDITIONS OF PERMIT

OPERATION:

1. This facility is permitted to receive solid waste as defined in GS 130A-290 (a)(35), except that hazardous and liquid wastes are prohibited from acceptance at this facility.
2. This facility may receive solid waste that is generated within the service area described in Appendix I of this document and shall dispose of said solid waste at Sampson County Disposal, Inc.(Permit # 82-01 or 82-02) in Roseboro, Sampson County, North Carolina the primary disposal site or East Carolina Regional Landfill (08-03) in Aulander, North Carolina the alternate site.
3. This permit shall be reviewed every five (5) years, on or before 15 November 2006 in accordance with 15A NCAC 13B .0201(e) & (f) and G.S. 130A-309.06(b). Modifications shall be in accordance with the Rules in effect at the time of review.
4. This permit is for operation of the transfer facility in accordance with the approved plans. Any revisions or modifications to these plans shall be approved by the North Carolina Solid Waste Section.
5. Operation of the facility shall occur in accordance with 15A NCAC 13B .0402, "Operational Requirements for Transfer Facilities", the operational plans dated October 2001, received 26 October 2001, from Hodges, Harbin, Newberry & Tribble(HHNT) and these additional requirements:
 - a. The owner or operator of a municipal solid waste management facility shall not knowingly dispose of any type or form of municipal solid waste that is generated within the boundaries of a unit of local government that by ordinance:
 - I. Prohibits generators or collectors of municipal solid waste from disposing of that type or form of municipal solid waste;
 - II. Requires generators or collectors of municipal solid waste to recycle that type or form of municipal solid waste.
 - b. On or before 1 August 2002 (or at an earlier date as requested by the Division), the owner or operator shall report to the NC Solid Waste Section, for the previous year beginning 1 July and ending 30 June, the amount by weight of the solid waste that was received at the facility and disposed of in a landfill, incinerated, or converted to fuel. To the maximum extent practicable, such reports shall indicate by weight the COUNTY of origin of all solid waste. The owner or operator shall transmit a copy of the report to the county in which the facility is located and to each county in which waste originated.
