Re: Permit to Operate: Queen City Transfer Station, Permit 60-14T-Transfer-2009, Doc ID 8067, and Doc ID 8066

Dear Mr. Shaner:

Please find enclosed the Permit to Operate for the Queen City Transfer Station, Permit No. 60-14T-Transfer-2009, which approves ownership of the facility by Waste Connections of North Carolina, Inc.

In general, the new facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans, such as site specific operations.

The stamped approved final application document may be printed from our website in a few days, listed as Document ID 8945.

If you have any questions regarding the permit or conditions, please contact me at (919) 508-8510 or by email at [donna.wilson@ncdenr.gov](mailto:donna.wilson@ncdenr.gov). The Mecklenburg County Solid Waste contact for the facility is Joe Hack, who can be reached at (704) 336-6513. The NC DENR Waste Management Specialist for the facility is Teresa Bradford. She can be reached at (704) 235-2160.

Sincerely,

Donna J. Wilson  
Environmental Engineer
