Subject: Solid Waste Permit No. 74-07
C&D Landfill, Inc. Construction and Demolition(C&D) Landfill
Highway 264, Pactolus Township, Greenville, Pitt County, North Carolina.
Modification #1: PTO request for Cells 2 & 3 of PHASE 1.

Dear Mr. Whitehurst:

The referenced PERMIT TO OPERATE is issued in accordance with N.C.G.S. 130A-294 and the N.C. Solid Waste Management Rules, 15A NCAC 13B, .0201(b)(1). Enclosed is attachment 1, which lists documents included in the Approved Plan. The approved facility description includes the area described in the attached legal description. Within the approved facility, the initial operating area is Phase 1A, Cells 1,2 & 3, sub-cells of the first five year phase) is permitted to receive construction and demolition waste as shown on Drawing 2 of 9 (Site Plans), consistent with drawings dated 9 March 2001 and received 6 April 2001.

This permit is for the operation of the first five-year phase (Phase 1A, Cells 1, 2 & 3 at this time) consistent with Drawing 2 of 9 "Phase 1A excavation" and Drawing 5 of 9 "cross sections" of the approved plans. At the end of the first five-year operational period, C&D Landfill, Inc. may apply for an expansion into and operation of Phase 1B, but will be subject to all rules in effect at that time. This permit is issued to C&D Landfill, Inc. as the owner and operator of the facility.

Please refer to the GENERAL Conditions of this permit for recordation procedures, the definition of the approved plan, and for general terms of the Solid Waste Permit. The CONSTRUCTION AND OPERATION conditions describe permitted fill areas, acceptable waste types, landfill operation, and requirements which must be satisfied prior to operation of the facility as a Construction & Demolition landfill. Specific requirements for groundwater monitoring and facility record keeping and reporting are described in the MONITORING AND REPORTING conditions.

Please review the Conditions of Permit thoroughly, especially the following specific conditions:

- A. In accordance with "Monitoring and Reporting Requirement No. 12(e)" groundwater quality monitoring wells must be installed and sampled prior to accepting waste at this landfill and on a semi-annual basis thereafter. Please consult with Ms. Cheryl Marks, Solid Waste Section Project Hydrogeologist at (919) 733-0692, Ext. 345 if you have any questions about long term groundwater monitoring at this site.

Again, please review the Conditions of Permit thoroughly and contact me if you have any questions or if you require further clarification. Mr. Bobby Nelms is the Solid Waste Section Waste Management Specialist for this area and can be contacted at the DENR Washington Regional Office by phone at (252) 946-6481. Jim Coffey can be contacted at the Raleigh Central Office at (919) 733-0692 Extension 255 or Jim Barber at (919) 733-0692 Extension 344.

Respectfully,

Jim Barber
