**Subject:** RE: C&D Landfill Alternate Financial Assurance

David – I've reviewed the revised closure/post-closure cost estimates for C&D Landfill, 74-07, and I have the following comments:

1. Please breakdown the costs for the compacted soil layer and the vegetative solid layer. The cost for the compacted soil layer and vegetative soil layer should include cost for a third party contractor to purchase and place the soil. The soil is not on the landfill property.
2. Please justify why testing and surveying decreased significantly from \$208,000 to \$76,000. Does this amount include mob/demob? Please breakdown these costs.
3. The submittal must contain the PE signature and seal.

If you have any questions, please let me know.

Thanks, Donna

I thought I had already sent this to you. They need an answer for their bonding agent. Thanks, in advance, for your prompt response.
