Subject: Operations Plan Addendum 1 Approval
Graham County Transfer Station
Graham County, Permit # 3803-TRANSFER, Document ID 25854

Mr. Edwards:

The Division of Waste Management, Solid Waste Section (Section) has completed a review of the submittal titled *Addendum to the Operations Plan: Solid Waste Transfer Station* (DIN 25777). The document was submitted on your behalf by Ms. Kim Crisp and was received in the Asheville Regional Office on March 8, 2016.

Based on this review, Addendum 1 satisfactorily describes the previously unmentioned activities, Septage Receiving and Recycling, at the facility as requested in the Facility Compliance Inspection Report dated February 18, 2016. Addendum 1 (DIN 25777) is now part of the Approved Plan for the facility and must be maintained on site and implemented accordingly. Additionally, it is recommended you revise the Operations Plan to include the information in Addendum 1 during the next permitting activity for this facility. There are no permit conditions associated with this activity so no permit modification will be required and no permit fee assessed.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov .

Sincerely,

Allen Gaither
Environmental Engineer
