

**Subject:** Apex Transfer Station - Permit #92-29T  
**From:** "Sparky Cullen" <scullen@pcmcass.com>  
**Date:** Mon, 2 Jun 2008 14:45:02 -0400  
**To:** <ed.mussler@ncmail.net>  
**CC:** <donna.wilson@ncmail.net>

Ed,

Per our discussion, I'm attaching a couple of letters. The first one refers to our potential to have Shotwell operate our Apex facility under our permit; the second is our request to add Shotwell to our disposal facilities under our permit; the third and fourth are copies of letters send last year, which I am not sure if they have been incorporated into our permit yet or not.

I will let you know as soon as we have reached an agreement with Shotwell or if we do not.

Let me know if you need anything from us. Thanks for your help.

Sparky Cullen

Re: PCM Apex C&D Transfer Facility  
Permit # 92-29T

Dear Mr. Mussler:

I am writing this letter, per our conversation, to let you know that PCM Construction Services, LLC is working on an agreement with Shotwell to have them operate our facility referenced above. We will know by the end of this week whether we will have an agreement. If so, they will begin operating the facility on Monday, June 9<sup>th</sup>, 2008. If not, we will be closing the facility at the end of business this Friday, June 6<sup>th</sup>, 2008.

Please advise as to what consents you need signed by both parties, should we be able to reach an agreement.

Please let me know if you need any other information from me to help expedite this process.

Thank you very much for you time.

Sincerely,

Sparky Cullen  
Chief Financial Officer

Re: PCM Apex C&D Transfer Facility  
Permit # 92-29T

Dear Mr. Mussler:

I am writing this letter to officially request an amendment to our Conditions of Permit, Item #2, regarding disposal sites for solid waste received at our location. Our current permit specifies Red Rock Disposal C&D Landfill as the only recipient of our solid waste. I'd like to amend that to include the following site(s) as well:

- ◆ Highway 55 C&D Landfill
- ◆ Shotwell Landfill, Inc.

We currently separate clean concrete, block and brick and dispose of these loads at Highway 55.

The waste going from the Apex C&D Facility to Shotwell Landfill will include waste from the following counties:

- ◆ Wake County
- ◆ Johnston County

I am hopeful this can be accomplished some time in the near future. Please let me know if you need any other information from me to help expedite this process.

Thank you very much for your time.

Sincerely,

A handwritten signature in black ink that reads "Sparky Cullen".

Re: PCM Apex C&D Transfer Facility  
Permit # 92-29T

Dear Mr. Mussler:

I am writing this letter to officially request an amendment to our Approved Service Area as outlined in Appendix 1 of our permit dated September 16, 2005. Our current permit defines our Service Area as Wake County, and we would like to amend it to include the following additional counties:

- ◆ Chatham County
- ◆ Durham County
- ◆ Orange County

As you will see from our annual reports, we have been accepting waste from these counties for a number of years. We have been told by people at DSW that transfer facilities do not have service areas; however, our permit initially included an appendix that defined one (Wake County). Therefore, after several discussions with Dennis Shackelford, it was determined that our best course of action is to amend the permit to include all areas from which we are currently accepting waste.

I am hopeful this can be accomplished some time in the near future. Please let me know if you need any other information from me to help expedite this process.

Thank you very much for you time.

Sincerely,

A handwritten signature in black ink, appearing to read "Sparky Cullen".
