Raleigh, NC 27615

Subject: Shotwell Transfer Station 2, Apex, NC  
Operating Without a Stormwater Permit  
Wake County

Dear Mr. King:

It has come to the attention of the North Carolina Division of Water Quality that Shotwell Transfer Station 2, Inc. has not obtained a Stormwater Permit for the site at 1506 N. Salem Street, Apex, NC. Judy Garrett of this office visited the site on February 12, 2009. It was noted that this facility is a C&D Transfer Station with uncovered staging areas where waste materials are sorted and either recycled or transported to a C&D Landfill.

General Permit No. NCG130000 is required for all owners or operators of stormwater point source discharges associated with activities classified as establishments primarily engaged in : the wholesale trade of non-metal waste and scrap(hereafter referred to as the non-metal waste recycling industry, a portion of standard industrial classification (SIC)5093); and like activities deemed by DWQ to be similar in process and/or the exposure of raw materials products, byproducts or waste materials. Operation of this facility without a permit is a violation of NCGS 143-215.1(a)(1).

Please also note that all C&D Landfills are required to obtain coverage under General Permit No. NCG120000.

Enclosed are application forms, also called a Notices of Intent for Coverage under these permits. Please return these forms with the application fee by April 6, 2009 to:

Mr. Bradley Bennett  
NC DENR-DWQ  
Wetlands and Stormwater Branch  
Stormwater Permitting Unit  
1617 Mail Service Center  
Raleigh, North Carolina 27699-1617

Also, please notify this office that the applications have been filed. Additional information about the stormwater program may be found on the Internet at <http://h2o.enr.state.nc.us/su/index.htm>

Failure to submit the applications as required may result in the issuance of a Notice of Violation. If there are any questions or comments, please contact Judy Garrett or me at (919) 791-4200.

Sincerely,

Danny Smith  
Regional Water Quality Supervisor
