Re: Proposed Weyerhaeuser No. 3 Landfill Well Abandonment.

Dear Mr. Kloeker,

Observation wells OW-01, OW-03, OW-8, OW-9, OW-10, OW-12 and OW-15 may be abandoned. Observation well abandonment is to be performed in accordance with NCAC Title 15A, Subchapter 2C. Upon completion, send copies of the well abandonment records to the Solid Waste Section.

Two observation wells, OW-13 and OW-14 will remain in service to obtain long term water level readings for the design study. Review these wells for appropriate barrier protection as reforestation activities could inadvertently damage these wells.

Please contact me at (919) 733-0692, extension 346 if you have any questions.

Sincerely,

Cheryl Marks  
Hydrogeologist  
Solid Waste Section
