Dear Ms. Watson,

The Solid Waste Section approves your request to revert back to quarterly landfill gas monitoring. The Section would still like to receive the quarterly monitoring results. Please submit them electronically. Thank you. Also, please feel free to contact me with any future questions or concerns.

Have a great day.

Sincerely,
Elizabeth Werner

Elizabeth,

With your permission we would like to revert back to the quarterly gas monitoring as probe #2 has been in compliance three consecutive months.

Please advise.

Thanks
Donna

<<LTR - 11 0822 - JVPotter(Watauga) - Watauga County Landfill - Report for the July 2011 third quarter gas event - CJB.pdf>> Donna,

Please call me if you have any question. I'll be in the field for the remainder of the week, so please call my cell.

Probe 2 has been in compliance for three consecutive months. Please verify with DENR, that the landfill can revert to quarterly monitoring.

If DENR approves your request then the next monitoring event will occur during the fourth quarter of 2011. If they require additional monthly monitoring then I need to plan a monitoring event next week.

I hope all is well.

Sincerely,

Chris Branscome
