Subject: Request for Information  
LCID Landfill Permit Application  
Watauga County, Permit # 95-02, Document ID No. 12694

Mr. Potter:

The Division of Waste Management, Solid Waste Section (Section) received the Watauga County *LCID Landfill Permit Application* (DIN 8870) on November 4, 2009. The application was submitted on your behalf by Draper Aden Associates. Two review letters were then issued by the Section requesting additional information:

1. *Engineering Review / Completeness Letter* (DIN 9464) by Allen Gaither on January 25, 2010;
2. *Hydrogeologic Technical Review* (DIN 9260) by Zinith Barbee on January 26, 2010.

The Section has no evidence either the County or Draper Aden Associates have responded to any of the requests outlined in either review letter. If the County is no longer interested in pursuing this permitting activity written notification to that effect would be greatly appreciated. Otherwise, in order to continue this permitting activity, the County must respond to both review letters within 30 days of the date of this letter. Failure to do so will result in denial of the permit action and cancellation of the requested permitting activity.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at [allen.gaither@ncdenr.gov](mailto:allen.gaither@ncdenr.gov).

Sincerely,

Allen Gaither  
Environmental Engineer
