Version 1 (PTO)	February 10, 1999

#### Part B: List of Approved Documents

1. *City of Goldsboro, North Carolina Transfer Station Facility Operations Plan.*  
Approved June 10, 1997.

*-End of Section-*

**ATTACHMENT 4  
PERMIT TO OPERATE  
CONDITIONS OF PERMIT**

**GENERAL:**

1. This facility is permitted to receive solid waste as defined in G.S. 130A-290(35), except that hazardous and liquid wastes are prohibited from acceptance at this facility.
2. This facility may receive solid waste that is generated within Wayne County and all its municipalities and towns, Seymour Johnson Air Force Base, and the City of Goldsboro, and shall transport that waste to the Wayne County Landfill, Permit No. 96-06, located on S.R. 1129, Dudley, Wayne County, North Carolina.
3. This permit shall be reviewed by the Solid Waste Section five (5) years from the issuance date, July 7, 2006, in accordance with 15A NCAC 13B .0201(e). It is subject to review on or before July 7, 2011. On or before March 7, 2011, the owner or operator shall submit a permit amendment or modification prepared in accordance with the rules applicable to transfer stations effective at the time of submittal. If necessary the owner or operator shall update pertinent facility plans including the facility operation and waste screening plans.
4. If the performance and compliance history of this facility is determined to have been satisfactory upon review by the Division, and no permit revisions are required, a representative of the Section shall inspect the facility and issue approval to continue operating for five (5) additional years under the terms of this permit. The Section representative shall notify the Permitting Branch Supervisor in writing, either by letter or e-mail, that the conditions have been met. The owner and operator shall be copied on the correspondence. The notification shall suffice as permission to operate as of the date of the notification.
5. This permit is not transferable.

**OPERATION:**

6. This permit is for operation of the transfer facility in accordance with the approved plans as described in Attachment 3, "List of Approved Documents". Any revisions or modifications to these plans shall be approved by the NC Solid Waste Section.
7. All sedimentation and erosion control activities shall be conducted in accordance with the Sedimentation and Pollution Control Act, 15A NCAC 4, and all applicable permits shall be secured prior to construction.
8. Floor drains, leachate collection devices, sanitary sewer connections or leachate storage tanks for the collection and disposal of wash down water and leachate shall be operational. The tipping floor shall

have positive drainage away from the building entrance and toward the sump in the loading pit or a trench drain shall be installed along the entrance to the tipping floor and connected to the leachate collection system.

9. Operation of the facility shall occur in accordance with 15A NCAC 13B .0402, "Operational Requirements for Transfer Facilities", and the approved operations plan, Attachment 3 Document 1.
10. The owner or operator of a municipal solid waste management facility shall not knowingly dispose of, or accept for transfer for subsequent disposal, any type or form of municipal solid waste that is generated within the boundaries of a unit of local government that by ordinance:
  - a. Prohibits generators or collectors of municipal solid waste from disposing of that type or form of municipal solid waste.
  - b. Requires generators or collectors of municipal solid waste to recycle that type or form of municipal solid waste.
11. This facility shall be operated in a manner which is consistent with the State solid waste management plan and with the solid waste management plans that have been adopted by those units of local government served by the facility and approved by the Section.
12. Waste shall not be stored on the tipping floor after operating hours. Waste can be stored in transfer trailers, at the facility with covers in place, after operating hours, but no longer than 48 hours.
13. The tipping floor and transfer trailer loading area shall be maintained in a clean, sanitary condition after operating hours in accordance with the approved Operational Plan and shall be cleaned at least daily.
14. On or before 1 August of each year, the owner or operator shall report to the NC Solid Waste Section, for the previous year beginning 1 July and ending 30 June, the amount by weight of the solid waste that was received at the facility and disposed of in a landfill, incinerated, or converted to fuel. The report(s) shall indicate the weight, the county and disposal facility of origin of all solid waste and of the waste. The owner or operator shall transmit a copy of the report to the county in which the facility is located and to each county in which waste originated.
