Re: Solid Waste Permit To Construct – Phase 2 and Permit to Operate – Phases 1 & 2  
Wilson County Westside Construction and Demolition Debris Landfill (C&DLF)  
Wilson County, North Carolina  
Permit No. 98-09, Document ID No. (Doc ID) 12738

Dear Mr. Davis:

Enclosed please find the Solid Waste Permit To Construct (PTC) – Phase 2 and Permit to Operate (PTO) – Phases 1 & 2 (Doc ID 12570) for the above referenced C&DLF. The referenced PTC & PTO is issued in accordance with N.C.G.S. 130A-294 and the N.C. Solid Waste Management Rules, 15A NCAC 13B .0203(b).

In your review of the permit conditions, please note the pre-operation conditions (Permit Condition No. 16 in Attachment 2) must be properly implemented and addressed in writing and submitted to the Solid Waste Section, the Division Waste Management (DWM) for a review and approval prior to operating C&DLF - Phase 2 and on-site miscellaneous waste management units.

The cover page of the approved permit application (Doc ID 12737) is also enclosed. The electronic format of the approved documents can be directly downloaded from the DWM's web site at <http://acp.ncdenr.org/pls/apex/f?p=2136:25:2048188807097827>.

Additionally, by issuing the PTO for Phases 1 & 2, the Solid Waste Section has determined that Wilson County Westside C&DLF has met the continued operation requirements stated in the Solid Waste Management Rule, 15A NCAC 13B .0547(2).

Please review the Conditions of Permit thoroughly. Mr. Ben Barnes is the Solid Waste Section Waste Management Specialist for your area and can be reached at (919) 621-3680. If you have questions about your permit or require further clarification, please contact Ben or myself at (919) 508-8507.

Sincerely,
