Re: Proposed Used Tire Demonstration Project  
Ryan Scott, Inc.  
Guilford County, North Carolina  
Doc ID No. 11456

Dear Mr. Brevda:

The activity described in your proposed demonstration project, referenced above, was reviewed by our staff and determined not to include any activities associated with waste disposal, treatment or processing. Therefore, you will not be required to apply for a permit or authorization for the activity described in the above referenced document.

The determination is that your proposed project will convert a limited amount of raw product into a product that you will market to the general public.

Please be aware of the following conditions:

1. You will be responsible for proper disposal of any waste by-products produced by your proposed operation.
2. This determination does not remove any responsibilities you have to operate your facility safely, and to obtain and maintain any other local, state or federal permits or licenses, or to comply with any other local, state or federal ordinance or law.
3. A review of your firm's environmental compliance history was not performed since a permit or authorization is not being required for your demonstration project.
4. The determination that you are not required to apply for a solid waste permit or authorization may change should your operations not be consistent with the proposal presented in the above referenced document, cause nuisance conditions, or be adverse to the environment or human health or safety.

Thank you for your efforts and cooperation in this matter. If you have questions about the information presented in this letter or wish to discuss the project further, please contact me at 919.508.8498 or Pam Moore, Environmental Specialist, at 919.508.8533.

Sincerely,

Geoffrey H. Little  
Environmental Engineer II

Pam Moore  
Environmental Specialist  
Solid Waste Section  
1646 Mail Service Center  
Raleigh, NC 27699

Pamela,

Thank you and the Permit Branch of the Solid Waste Section for your consideration in issuing Ryan Scott, Inc an authorization letter for a demonstration project. I understand that this is not an open ended authorization and or temporary use permit will need to be readdressed at the end of a 9 month period.

We plan to recycle these tires for the purpose of creating retail displays as shown below.

Our operating plan is as follows:

- We will pick the tires (approximately 150 total) from the Greensboro City Garage via a registered scrap tire hauler. All necessary paper work and record keeping will be completed.
- These tires will be collected and stored at: Ryan Scott, Inc, 4190 Piedmont Parkway, Suite 102, Greensboro, NC 27410. We plan to collect all 150 tires and store this amount indoors at the above location. This will be the maximum amount of tires on site at one time.
- We will yield 3 displays out of 1 tire and we will have a small section of waste per tire. This waste section will be disposed of along with the regular solid waste generated from our business.
- The tires will be processed as follows:
  - Receive the tires in and cut them in 4 parts via band saw
  - Load the usable tire sections into a Gaylord
  - Clean the usable tire section with mild, non-toxic soap and restack in gaylords
  - We will then print the tire and begin applying the necessary components to complete a full display assembly
  - Once complete, these will be individually boxed and sent to retail chains in the USA.

Ryan Scott, Inc. is owned and operated by Burton Brevda (President), Ryan Brevda (Vice President) and Scott Brevda (Secretary Treasurer).

Burton Brevda (President)  
906 Pembroke Rd.  
Greensboro, NC 27410  
(336)708-0265

Ryan Brevda (Vice President)  
2303 Sherwood Street  
Greensboro, NC 27403  
(336)263-4451

Scott Brevda (secretary Treasurer)  
7306 haw ridge rd.  
Summerfield, NC 27358  
(336)420.2442

Thank you again for your consideration in temporarily authorizing the collection and processing of these tires. This is an innovative and creative way to both recycle tires and help the local economy. I look forward receiving your authorization letter and following the guidelines set forth by the Solid Waste Section to produce a very successful program.

Thanks,

A handwritten signature in black ink, appearing to be 'SB' with a flourish underneath.

Scott Brevda  
Secretary Treasurer  
Ryan Scott, Inc.
