RE: C&D Treatment and Processing Permit Application  
Abbey Green Recycling Center  
5030 Overdale Road  
Winston-Salem, North Carolina

Dear Mr. Murray:

Based on our telephone conversation October 22, 2009, Kleinfelder is submitting this letter in order to provide additional information requested for the above referenced permit application. According to Mr. Jim Bryan, the southeast corner (approximately 0.25 acres) of the notified LCID has been used to bury stumps. The existing LCID area is labeled on Figure 5 submitted with the application. The entire LCID area is outside the proposed limits of the proposed C&D Treatment and Processing Facility. Approximately 4,000 tons of concrete piled on the ground surface will be crushed and used for backfill during construction of the facility. The notified LCID will be closed following final grading of the site. Should you have any questions or require clarification, please contact Chris Hay at 336.668.0093 or [chay@kleinfelder.com](mailto:chay@kleinfelder.com).

Very truly yours,

**KLEINFELDER SOUTHEAST, INC.**
