Subject: Operations Manual Approval
Avery County CDLF, Phase 3
Avery County, Permit #06-03, Document ID No. 11420

Mr. Norris:

The Operations Manual for the Avery County C&D Landfill was originally submitted as part of the *Permit to Construct Application* for Phase 3 (DIN6894). In an effort to make this document more readily available for all parties it was extracted from the *Application* and entered into the Solid Waste Section's document database as a stand alone document. Unfortunately, this document was inadvertently left off the "List of Documents for the Approved Plan" in Attachment 1, Part II of the most recent Permit to Operate (DIN11315).

This letter serves as an approval of the *Operations Manual* (DIN11333) which must be maintained on site. Any proposed changes to the operation of the facility, or *Operations Manual*, must first be approved by the Section prior to taking effect. This document will be added to the "List of Documents for the Approved Plan" during the next permitting activity.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
