Re: Modification to Permit to Operate  
Chatham County Transfer Station  
Chatham County, Permit No. 19-03T, Document ID No. 16104

Dear Ms. MacNish:

Please find the enclosed Permit to Operate for the Chatham County Transfer Station, Permit No. 19-03T, which approves the requested modification to add Randolph County to the transfer station service areas and to allow recovery of additional recyclable materials at the facility. The operation plan was updated as part of the modification application and the stamped, approved operation plan is also included.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans. Please review the conditions of the permit thoroughly.

If you have questions about your permit, please contact me at (919) 707-8257 or by email at [pat.backus@ncdenr.gov](mailto:pat.backus@ncdenr.gov). The Environmental Senior Specialist for the facility is John Patrone. He can be reached at (336) 771-5035 or (919) 280-4814.

Sincerely,

Patricia M. Backus, P.E.  
Environmental Engineer  
Solid Waste Section
