Re: Administrative Modification Relating to Reporting
International Paper Industrial Landfill
Columbus County, North Carolina
Permit No. 24-02
Doc ID No. 8820

Dear Mr. Krueel:

An administrative modification was made to the enclosed Permit to Operate editing references to measurement of disposed waste by scales in items 17 and 18.(c.) of the Attachment 3 Conditions to Operate (page 7 of 7). Please note that disposal is still required to be reported in tonnage and scales are required to determine density factors used to convert volume to tonnage. Please review the permit carefully and contact us with any questions relating to the permit.

Thank you for your assistance in this matter. If you have questions about the permit conditions or questions arise during operation, please contact either me at (919) 508-8498 or Wes Hare, Waste Management Specialist for the facility, at (910) 796-7405.

Sincerely,

Geoffrey H. Little
Environmental Engineer
