Re: Permit to Operate
MCAS Cherry Point Transfer Station
Craven County, Permit No. 25-10T, DIN 14104

Dear Mr. Christopher:

Please find the enclosed Permit to Operate for the MCAS Cherry Point Transfer Station, Permit No. 25-10T, which approves the continued operation of the facility. A copy of the operation plan which was previously approved (DIN 5727) is also enclosed.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans.

Please review the conditions of the permit thoroughly. If you have questions about your permit, please contact me at (919) 508-8520 or by email at pat.backus@ncdenr.gov. For other questions, you may contact the Environmental Senior Specialist for the facility, Mr. Ray Williams at either (910) 769-7342 or (919) 621-3692.

Sincerely,

Patricia M. Backus, P.E.
Environmental Engineer
Solid Waste Section
