An error was discovered in the permit sent on June 13, 2011. The permit stated that the next request for continued operation should be sent no later than December 5, 2013. The date should have been December 2, 2012. This was corrected and the permit reissued today (June 27) under the same document number. Please discard the previous version and replace with the attached. A paper copy will be sent to Mr. Christopher.
