Re: Permit to Operate
Durham Land Clearing and Inert Debris (LCID) Landfill
Durham County, Permit No. 32-J, Document ID No. 6856

Dear Mr. Johnson:

Enclosed is the above reference solid waste permit that approves the continued operation of the Durham LCID – Cells 1, 2, and 3 and a Wood and Inert Debris Recycling Area in Cells 2, 3, and 4.

In general, the new facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans.

Please review the conditions of the permit thoroughly. Mr. Chris Marriott is the Solid Waste Section Waste Management Specialist for your facility and can be reached at (336) 771-5090. If you have questions about your permit, please contact me at (919) 508-8525 or by email at pat.backus@ncmail.net.

Sincerely,

Pat Backus
