Re: Application Completeness  
Franklin County Transfer Station  
Franklin County, Permit No. 35-03T, Document ID No. 5140

Dear Mr. Faulkner:

The Division of Waste Management, Solid Waste Section (Section) has received your request for permit amendment for the Franklin County Transfer Station (Permit No. 35-03T) and the appropriate permit fee.

Your application can now be considered complete within the context of General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean that the required components provide all of the information that is required for the Section to make a decision on the application. A technical review of your application is in progress.

Under General Statute 150B-3, when an applicant makes a timely and sufficient application for issuance or renewal of a permit, the existing permit does not expire until a final decision on the application is made by the Division. Therefore, until the final decision is made, Franklin County is authorized to continue operation of the Franklin County Transfer Station in accordance with your most recent Solid Waste Permit and the Solid Waste Management Rules (15A NCAC 13B).

If you have any questions regarding this matter, please contact me at (919) 508-8520 or by email at [pat.backus@ncdenr.gov](mailto:pat.backus@ncdenr.gov).

Sincerely,

Patricia Backus, P.E.  
Environmental Engineer  
Solid Waste Section
