Re: LCID Landfill Application for Old 27 LCID Landfill, Mt. Holly, NC
Formerly James Lewis Demolition Landfill (Facility 36A)

Dear Mr. Wootton:

Attached for your review are the following items:

1. Solid Waste Section Permit Application Compliance Review Request
2. Applicant Signature Page
3. \$1000.00 check made payable to NCDENR
4. Copy of Financial Responsibility Form for Submission to Gaston County (Erosion Control Plan to be submitted concurrently with this submission)
5. Zoning Approval Letter from Gaston County
6. NCDOT County Road Map showing Location
7. Operational Plan
8. Copy of Deed showing Dwayne McCorkle as owner of the property.
9. Copy of parcel information and map from Gaston County GIS
10. Site Plan
11. Grading and Erosion Control Plan
12. CD containing pdf's of submission documents.

These documents are submitted for your review. Please let me know if you have any questions or require any further information. Thanks for your help with this project.

Sincerely,

Latham-Walters Engineering, Inc.

Mitch Latham, P.E.

Re: LCID permit requirements – Permit No. 36A – ID #10127
Property located at the end of Tate Street, Mt. Holly, NC – PID # 219110

Dear Mr. Wootton:

This use was in existence prior to adoption of the Gaston County Zoning Ordinance in February 1992 and is considered an existing Non-Conforming Use and is allowed to continue. Any proposed expansion of the existing footprint of the existing landfill area would require plan submittal and approval prior to any expansion of this facility.

Thank you for your inquiry on this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Willie King".

Old 27 LCID Landfill Operational Plan

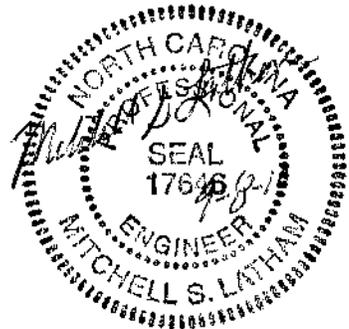

This Operational Plan is for the Old 27 LCID Landfill located at 130 Tate Street in Mount Holly, NC. This site has been operated in the past as the James Lewis Demolition Landfill (Facility 36A). The facility has been purchased by Mr. Dwayne McCorkle and he is currently permitting the existing facility as the Old 27 Landfill.

Contact Information: All correspondence and questions regarding the operations of the Landfill should be directed to the appropriate contact below. For fire or police emergencies, please dial 911.

- Location:** 130 Tate Street
Mt. Holly, NC 28120
- Hours:** Monday Through Friday
8:00 a.m. to 5:00 p.m.
Available by appointment on Saturdays
- Owner/Operator:** Dwayne McCorkle
1204 Old. NC Hwy. 27
Mt. Holly, NC 28120
(704) 718-6386
- Engineer:** Latham-Walters Engineering, Inc.
16507-A Northcross Drive
Huntersville, NC 28078
(704) 895-8484
- Regulating Authority:** NCDENR
401 Oberlin Road
Suite 150
Raleigh, NC 27605
(919) 508-8524
- Emergency Response:** Mt. Holly Fire and Rescue
P.O. Box 406
Mt. Holly, NC 28120
(704) 822-2927

Access Control: Access to the landfill must be controlled in order to prevent illegal dumping, prevent vandalism, and avoid possible injury. The facility will be gated and locked when not in operation to prevent unauthorized access to the site.

Signage: A sign shall be installed at the entrance that provides the facility name, permit number, address, hours of operation and contact information.

Fire Safety: There is a risk of both surface and subsurface fires at the landfill. The owner shall provide a site plan and operational plan to the local fire department along with a key to the site entrance. A stockpile of fill dirt shall be maintained on the site for use in extinguishing any fires that might occur. Fire extinguisher shall be maintained on all equipment on site. The owner shall coordinate with the local fire department for any input that they may have regarding further fire safety.

Regulatory Compliance: The site is an existing facility and shall comply to the extent possible with all regulations set forth under Rule 0.0564.

Operational Requirement:

1. The facility shall only accept those solid wastes which it is permitted to receive. Type of Waste to be Accepted: Land Clearing Waste, yard trash, untreated and unpainted wood, uncontaminated soil, inert debris such as unpainted rock, brick, concrete, and concrete block, and asphalt in accordance with NCGS 130-294(m).
Source: Local contractors and municipalities
2. Solid Waste shall be restricted to the smallest area feasible and compacted as densely as practical into cells.
3. Adequate soil cover shall be applied monthly, or when the active area reaches one acre in size, whichever occurs first.
4. 120 calendar days after completion of any phase of disposal operations, or upon revocation of a permit, the disposal area shall be covered with a minimum of one foot of suitable soil cover sloped to allow surface water runoff in a controlled manner. The Division may require further action in order to correct any condition which is or may become injurious to the public health, or a nuisance to the community.
5. Adequate erosion control measures, structures, or devices shall be utilized to prevent silt from leaving the site and to prevent excessive on site erosion.
6. Provisions for a ground cover sufficient to restrain erosion must be accomplished within 30 working days or 120 calendar days upon completion of any phase of landfill development.
7. The facility shall be adequately secured by means of gates, chains, berms, fences, etc. to prevent unauthorized access except when an operator is on duty. An attendant shall be on duty at all times while the landfill is open for public use to assure compliance with operational requirements and to prevent acceptance of unauthorized wastes.
8. Access roads shall be of all-weather construction and properly maintained.
9. Surface water shall be diverted from the working face and shall not be impounded over waste.
10. Solid waste shall not be disposed of in water.
11. Open burning of solid waste is prohibited.

12. The concentration of explosive gases generated by the facility shall not exceed:
 - a. Twenty-five percent of the lower explosive limit for the gases in facility structures.
 - b. The lower explosive limit for the gases at the property boundary.
13. Leachate shall be properly managed on site through the use of current best management practices.
14. Ground water or surface water monitoring, or both, may be required by the Division as provided for under rules .0601 and .0602.

Projected Land Use After Completion: The owner has not determined for certain what the site will be used after completion. At this time he anticipates using it as pastureland or for timber.

Systematic Use of Landfill: The landfill will be open from 8:00 a.m. to 5:00 p.m., Monday through Friday. Saturday will be available by appointment only. The owner will have a 951C Caterpillar loader on site for operating the facility. The material will be buried utilizing dirt brought to the site and from a borrow area designated on the plan.

 Brief description

NORTH CAROLINA GENERAL WARRANTY DEED

THIS DEED made this 3rd day of November, 2008, by and between

GRANTOR	GRANTEE
JAMES H. LEWIS, and wife, JUDITH B. LEWIS; RODNEY LEWIS, and wife, DAPHNE M. LEWIS; and DWAYNE ERIC McCORKLE, Single and Unmarried	DWAYNE ERIC McCORKLE 1204 Old NC Highway 27 Mt. Holly, NC 28120

Enter in appropriate block for each party: name, address, and, if appropriate, character of entity, e.g. corporation or partnership.

The designation Grantor and Grantee as used herein shall include said parties, their heirs, successors, and assigns, and shall include singular, plural, masculine, feminine or neuter as required by context.

WITNESSETH, that the Grantor, for a valuable consideration paid by the Grantee, the receipt of which is hereby acknowledged, has and by these presents does grant, bargain, sell and convey unto the Grantee in fee simple, all that certain lot or parcel of land situated in the City of _____, Riverbend Township, Gaston County, North Carolina and more particularly described as follows:

See Exhibit "A" for more particular description

The property described in Deed Book 2122 at Page 860 recorded in the Gaston County Registry on August 20, 1991 is also included in this description.

Also being subject to that Solid Waste Permit recorded in Deed Book 2148 at Page 329 in the Gaston County Registry

The property hereinabove described was acquired by Grantor by instrument recorded in Deed Book 2007 at Page 966, Gaston County Registry.

A map showing the above described property is recorded in Plat Book page

TO HAVE AND TO HOLD the aforesaid lot or parcel of land and all privileges and appurtenances thereto belonging to the Grantee in fee simple.

And the Grantor covenants with the Grantee, that Grantor is seized of the premises in fee simple, has the right to convey the same in fee simple, that title is marketable and free and clear of all encumbrances, and that Grantor will warrant and defend the title against the lawful claims of all persons whomsoever except for the exceptions hereinafter stated. Title to the property hereinabove described is subject to the following exceptions:

- All easements, restrictions, and rights of way of record.
2008 Gaston County Ad Valorem taxes

IN WITNESS WHEREOF, the Grantor has hereunto set his hand and seal, or if corporate, has caused this instrument to be signed in its corporate name by its duly authorized officers and its seal to be hereunto affixed by authority of its Board of Directors, the day and year first above written.
