Mr. Scott Bost, Solid Waste Disposal Manager
City of Greensboro, Solid Waste Management Division
Post Office Box 336
Greensboro, North Carolina 27402

Subject: Completeness Determination
Construction and Demolition Landfill (C&DLF) Unit on top of closed MSWLF
City of Greensboro White Street Landfill
Permit No.41-03
Guilford County
Document ID No. 5634

Dear Mr. Bost:

The Division of Waste Management has received your permit application for continued operation entitled;

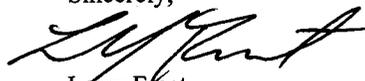

- White Street Landfill, Construction & Demolition Landfill Permit Application. Prepared by the City of Greensboro. Prepared for the City of Greensboro. Dated June 26, 2008. Document ID Number 5140.

The Division has performed a review of your application for a determination of completeness. Your application has been determined to be complete within the context of N.C.G.S. 130A-295.8(e). A determination of completeness means that the application includes the required components, but does not mean that the components provide all the information that is required for the Division to make a decision on the application.

The next step is for the Division to review the submittal for compliance with the Solid Waste Management Rules (Rules), 15A NCAC 13B .0547(4). Under N.C.G.S. 150B-3, when an applicant makes a timely and sufficient application for issuance or renewal of a permit, the existing permit does not expire until a final decision on the application is made by the Division. Therefore, until the final decision is made, the City of Greensboro is authorized to continue operating your CDLF Unit on Top of a Closed MSW Landfill in accordance with your most recent Solid Waste Permit, dated May 25, 2006, and the Rules, 15A NCAC 13B. The City of Greensboro must also continue the groundwater assessment and/or correction program in accordance with Rules 15A NCAC 13B .1634-.1637.

Should you have any questions regarding this matter you may contact me at (828) 296-4704.

Sincerely,

Larry Frost
Regional Engineer
