Re: Application Completeness
City of Greensboro, White Street Municipal Solid Waste Landfill (MSWLF)
Guilford County, Permit No. 41-12, Document ID No. 13020

Dear Mr. Wyrick:

The Division of Waste Management, Solid Waste Section (Section) received and reviewed the permit application submitted for the continued operation of the City of Greensboro – White Street Landfill, Phase III MSWLF. The Section recently received the appropriate permit fee.

Your application can now be considered complete within the context of General Statute §130A-295.8(e). A determination of completeness means that that application includes all required components but does not mean that the required components provide all of the information that is required for the Section to make a decision on the application. The technical review letter issued February 7, 2011 (DIN 12860), addressed information needed in order to proceed with the permitting process and we are expecting the revisions by March 18, 2011.

Under General Statute §150B-3, when an applicant makes a timely and sufficient application for issuance of a permit, the existing permit does not expire until a final decision on the application is made by the Section. Therefore, until the final decision is made, the City of Greensboro is authorized to continue operation of the City of Greensboro, White Street MSWLF in accordance with your most recent Solid Waste Permit and the Solid Waste Management Rules (15A NCAC 13B).

If you have any questions regarding this matter, please contact me at (919) 508-8520 or by email at pat.backus@ncdenr.gov.

Sincerely,

Patricia Backus, P.E.
Environmental Engineer
Solid Waste Section
