Re: Substantial Permit Amendment  
WCA of High Point  
Construction and Demolition Landfill (C&DLF) and Reclamation Facility  
Guilford County, Permit No. 41-16, Document ID No. 12928

Dear Mr. Smith:

Please find the enclosed Permit to Operate and approved application for the WCA of High Point C&DLF and Reclamation Facility, Permit No. 41-16, which approves the requested increase in service area and the addition of cardboard and wood waste from non-construction and demolition sources and asphalt roofing shingles to the recyclable material processed at the reclamation pad.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans.

Please review the conditions of the permit thoroughly. If you have questions about your permit, please contact me at (919) 508-8520 or by email at [pat.backus@ncdenr.gov](mailto:pat.backus@ncdenr.gov). The Environmental Senior Specialist for the facility is Hugh Jernigan. He can be contacted at (336) 771-5093 or (919) 621-3687.

Sincerely,

Patricia M. Backus, P.E.  
Environmental Engineer
