Re: Application Completeness  
City of Greensboro Transfer Station  
Guilford County, Permit No. 41-20T, Document ID No. 14394

Dear Ms. Hay:

The Division of Waste Management, Solid Waste Section (Section) received your application for the continued operation of the City of Greensboro Transfer Station, Permit No. 41-20T. The appropriate permit fee has also been received.

Your application can now be considered complete within the context of General Statute §130A-295.8(e). A determination of completeness means that that application includes all required components but does not mean that the required components provide all of the information that is required for the Section to make a decision on the application. A technical review of the application is underway.

Under General Statute §150B-3, when an applicant makes a timely and sufficient application for issuance of a permit, the existing permit does not expire until a final decision on the application is made by the Section. Therefore, until the final decision is made, the City of Greensboro is authorized to continue operation of the City of Greensboro Transfer Station in accordance with your most recent Solid Waste Permit and the Solid Waste Management Rules (15A NCAC 13B).

If you have any questions regarding this matter, please contact me at (919) 508-8520 or by email at [pat.backus@ncdenr.gov](mailto:pat.backus@ncdenr.gov).

Sincerely,

Patricia Backus, P.E.  
Environmental Engineer  
Solid Waste Section

cc: Ed Mussler, Permitting Branch Head  
Jason Watkins, Western District Supervisor  
Hugh Jernigan, Environmental Senior Specialist
