**OBSERVED VIOLATIONS:**

(none)

The item(s) listed above were observed by Section staff and require action on behalf of the facility in order to come into or maintain compliance with the Statutes, Rules, and/or other regulatory requirements applicable to this facility. Be advised that pursuant to N.C.G.S. 130A-22, an administrative penalty of up to \$15,000 per day may be assessed for each violation of the Solid Waste Laws, Regulations, Conditions of a Permit, or Order under Article 9 of Chapter 130A of the N.C. General Statutes. Further, the facility and/or all responsible parties may be subject to enforcement actions including penalties, injunction from operation of a solid waste management facility or a solid waste collection service and any such further relief as may be necessary to achieve compliance with the North Carolina Solid Waste Management Act and Rules.

**ADDITIONAL COMMENTS:**

1. Visited facility and met briefly with Ms. Bullard at office. Disposal is currently underway in Phase III, Cell 3b.
2. Observed that the working-face of the disposal area was of appropriate, manageable size.
3. Observed that waste in the current disposal area had adequate soil cover at time of inspection.
4. Observed some erosion on landfill slopes at the time of inspection. Take prompt actions to repair any eroded areas on landfill slopes, to be followed by timely actions to establish vegetative cover on repaired areas. Also, consider utilizing erosion control measures, structures, devices, etc. to control stormwater runoff from and minimize erosion of landfill surfaces and slopes.

Please contact me if you have any questions or concerns regarding this inspection report.
