Subject: Permit to Operate Livestock Market and Events Center
Landfill No. 5, Area C
Permit #44-01

Dear Mr. Gaither,

Altamont Environmental, Inc. (Altamont), on behalf of International Paper Company (IP) and WNC Communities, requests a Permit to Operate for the Livestock Market and Events Center (facility), located at the IP Landfill No. 5, Area C (Permit #44-01). As of the date of this letter, the facility has been built in accordance with the approved plans and conditions of the permit and previously submitted correspondence to the Solid Waste Section (SWS).

In accordance with the Permit to Construct, Altamont conducted a pre-operative meeting with the SWS on February 2, 2011. As discussed during that meeting, the livestock facility building and associated landfill gas monitoring locations have been installed in accordance with previous correspondence with the SWS. Please note that as of the date of this letter, the maintenance building to the southwest of the facility referenced in the original plans has not been constructed. Construction of this building is planned for the future. Altamont will notify the SWS prior to construction of this building.

Thank you for the cooperation the SWS has provided with this project to date. Please let me know if you require additional information.

Sincerely,

Paul Dow, P.E.
