

North Carolina Department of Environment and Natural Resources
Division of Waste Management

Dexter R. Matthews	Beverly Eaves Perdue	Dee Freeman
Director	Governor	Secretary

August 8, 2011

Mr. Tom Richardson
International Paper
6400 Poplar Avenue
Memphis, TN 38197

Subject: Construction Authorization
Champion-International Industrial Landfill Facility
Haywood County, Permit #44-01, Document ID No. 14679

Mr. Richardson:

The Division of Waste Management, Solid Waste Section (Section) has completed review of the documents titled *Permit Modification Request* (DIN 13896) and *Addendum #1 to the Permit Modification Request* (DIN 14220). These documents were submitted on your behalf by Altamont Environmental and were received by the Section on May 16, 2011 and June 28, 2011, respectively.

Based on this review, the Section is authorizing construction, as submitted, for the following proposed post-closure uses:

- Baseball and Football (South) Fields
- Soccer (East) Fields
- Concession and Bathroom Facilities
- Field Lighting

As a reminder, any significant deviations from the submitted plans must be approved by the Section prior to implementation. A completion report, as-built drawings and construction certification must be submitted and approved by the Section prior to use of the new facilities and issuance of the Permit to Operate. However, the expanded cross-country track and batting cages may be utilized immediately, as there is no construction associated these activities. Please notify Ms. Andrea Keller, Field Operations Branch, by email at andrea.keller@ncdenr.gov when construction activities commence.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
