Subject: Authorization – Multiple Athletic Uses
Champion-International Industrial Landfill Facility
Haywood County, Permit #44-01, Document ID No. 15603

Mr. Richardson:

The Division of Waste Management, Solid Waste Section (Section) has completed the review of the document titled *Approval for Multiple Athletic Uses* (DIN 15529). The document was received in the Asheville Regional Office on October 31, 2011.

This letter serves as an authorization allowing for multiple athletic uses, in addition to the previously specified post-closure uses, of the recreational facilities. The authorization is contingent upon the athletic uses having no negative impact on the integrity of the landfill cap or on-site environmental monitoring systems. The facility will have to provide a mitigation plan, or cease the activity, if any negative effects are identified. There are no permit conditions associated with this activity so no permit modification will be required and no permit fee assessed.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
