Allen,

Here are a few more items we will need clarified.

1. We need to get the interpretation of applicability (or non-applicability in this case) in writing from a person who has the authority to speak for the agency.
2. We need to make sure the written interpretation expressly addresses our situation, which is the anticipated "modification of the permit for an existing facility to expand the service area, increase the daily intake tonnage and contract for the facility to be operated by a private, third-party."

Thanks,
Stephen
