**Subject:** RE: Hauling Contract changes on 1/1/2011

Natalie,  
If the proposed disposal site(s) is different from the permit approved sites in Attachment 3, Part I, Condition No. 4 of the permit;  
*"This facility is permitted to receive municipal solid waste generated within Henderson County. Waste must be transported for disposal to the Palmetto Landfill located in Spartanburg South Carolina or the R & B Landfill in Homer Georgia. Proposed changes to the service area and/or the disposal facility must be approved by the Section and will constitute a permit modification and be subject to the applicable permitting fee."*  
Then a permit modification is required.  
However, if you can hold off sending the waste to the new site(s) until your upcoming permit renewal is submitted (and includes the new sites), the Division can make the change part of that amendment process. If your need is more immediate, send me a letter requesting permit modification with a list of disposal sites and I will invoice the County \$500.00 and modify the permit ASAP.  
If there is any question regarding this information contact me.  
Larry

**Importance:** High

Andrea & Larry,  
What do I need to do to notify your agencies about the upcoming change in hauling contract carriers for Henderson County Solid Waste Facility?  
You may call me on my cell phone if you like, 828-691-5079.  
Thanks and hope all is well.  
Natalie
