RE: Permit modification for 45-04T Attachment 3, Part I, Condition No. 4 of the permit

Dear Larry Frost,

Henderson County would like to request a permit modification for Permit 45-04T Attachment 3, Part I, Condition No. 4 for location of landfill receiving our municipal solid waste (MSW) and construction demolition debris (C&D).

Henderson Counties current hauling contract with "Waste Management" to haul our MSW and C&D to Palmetto Landfill in Spartanburg, SC or R&B in Homer, GA expires on December 31, 2010.

Henderson County entered into a contract with Republic Services of North Carolina LLC on October 14, 2010 to haul our MSW and C&D to Upstate Regional Landfill located at 868 Wildcat Road Enoree, SC.

Henderson County staff traveled to Enoree, SC to visit the facility. The facility appears to be fully permitted through the SC Department of Environmental, Health, and Natural Resources. The facility appears to be operated in a good manner.

If you have any questions or require additional information please contact me direct at (828) 691-5079. I sent the invoice for the permit renewal to finance on December 8, 2010 for payment of the \$500.00 permit review application fee.

Sincerely

*Natalie J. Berry*

Natalie J. Berry PE
