Subject: Request for Additional Information  
Hoke County LCID Landfill  
LCID Permit 47-A  
Doc ID 10742

Dear Mr. Russell:

The Solid Waste Section (SWS) reviewed the application submitted for the continued operation of the LCID landfill listed above. The application is identified in the SWS database as Doc ID 10366. As mentioned in our telephone conversation on June 8, 2010, in order to issue a permit for continued operation, the area in which operations are to occur for the next five years, Cell 2, should be delineated. The addition of the grinding and stockpile areas also require more information. Please submit the following information:

1. A revised Plansheet 4 of 7 depicting boundaries of the area of disposal for the next five years.
2. Specify the volume, acreage, tonnage, and side slopes of the proposed stockpile area and specify how long material will be stockpiled.

Thank you for your attention and cooperation. If you have any questions, please contact me at 919-508-8401 or at [zinith.barbee@ncdenr.gov](mailto:zinith.barbee@ncdenr.gov), or the Environmental Specialist, Drew Hammond at 910-433-3351 or at [andrew.hammonds@ncdenr.gov](mailto:andrew.hammonds@ncdenr.gov).

Sincerely,

Zinith Barbee  
Hydrogeologist  
Solid Waste Section
