Subject: RE: Call for Permit Amendment application for Lenoir County MSWLF, Permit # 45-09

Wayne: I received the hard copy of the permit modification including a cover letter and 3 copies of the drawing – Drawing No. PR, Sheet No. 1 of 1. Could you please e-mail me the pdf file of the application, letter and drawing, so that I can log it to the tracking system and upload the file to the web page. Thanks.

By the way, have you paid for the permit fee yet? If not, don't worry; the invoice will send over to Mr. Miller shortly.

Subject: Call for Permit Amendment application for Lenoir County MSWLF, Permit # 45-09

Wayne:

Good morning. According to the recent DWM Facility Compliance Audit Report, the permit to operating Lenoir County MSWLF (Permit # 45-09) was expired in July 1, 2009. Based on our yesterday phone conversations, my understanding is that MESCO, on behalf of Lenoir County, will submit the permit applications (the permit amendment for a 5-year review and/or the phase 2 PTC application) to the Solid Waste Section next week (November 2 to November 6, 2009). Should you encounter any unforeseeable problems and can't not submit the application by next Friday, November 6, 2009, please contact the Section to establish a mutually suitable time frame in writing. Failure to respond could put the permit in jeopardy for future action. If there are any outstanding issues that might need the Section's assistance or establishing a meeting to discuss any concerns, please feel free to contact me at 919-508-8507. Your corporation to this matter is appreciated.
